

Make Roman Sandals

You will need:

- Roman sandal outline
- Pens
- Thin leather or felt
- Scissors
- A large needle
- A hole punch
- Wool or thread for stitching
- Leather cord for the laces

How to make your sandals

1. Draw around the sandal outline onto the leather or felt and then cut out the pattern.
2. To make shoes to fit different sized feet just enlarge or reduce the pattern on a photocopier.
3. Make sure you draw where the holes are. 3. Punch the required number of holes and cut out the holes for the laces.
4. Stitch the sewing holes.
4. Lace up the sandals as shown in the picture.
